# SERPENTE

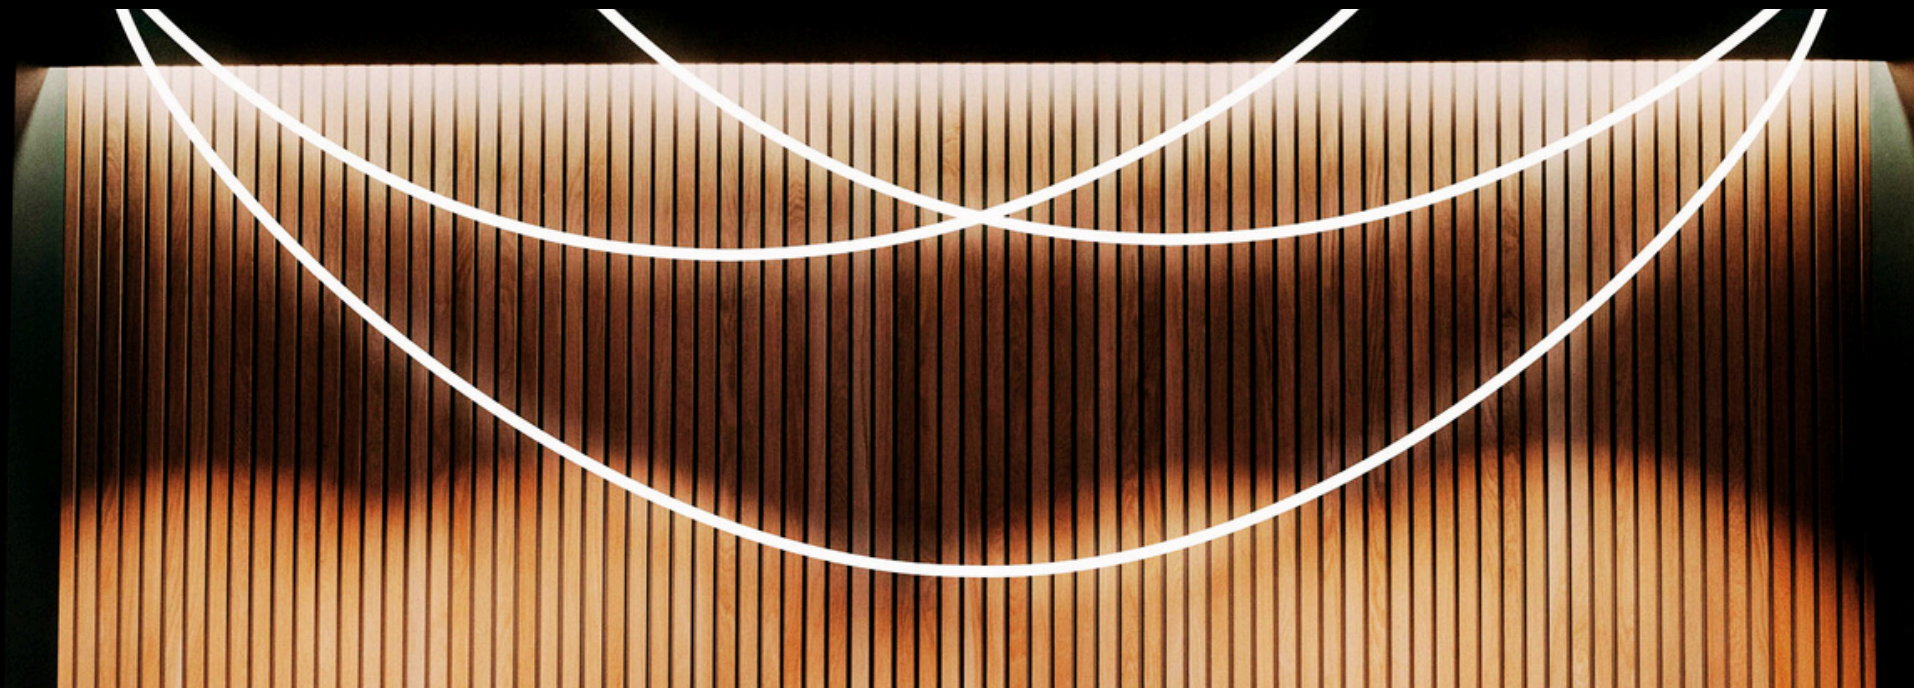

---

BY BLACK SWAN STUDIO

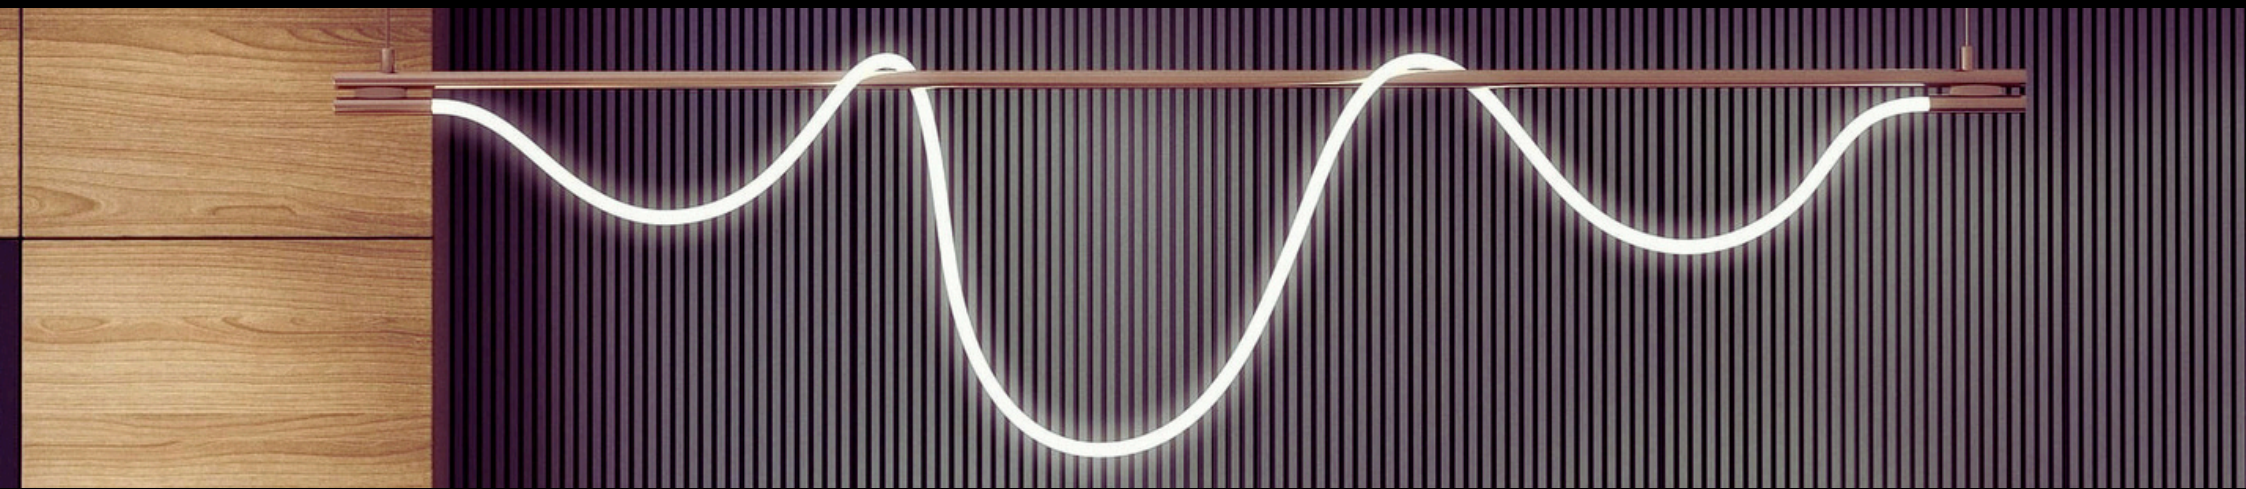

# FLEXIBLE AND PHYSICAL

SERPENTE is a lamp that, thanks to its incredible flexibility, you can hang from the ceiling to the ceiling or from the ceiling to the wall. The lamp that resembles a rope is made of silicone. This gives you incredible freedom in lighting design. Create unique compositions and creative arrangements.

# DESIGN ACCORDING TO YOUR IMAGINATION

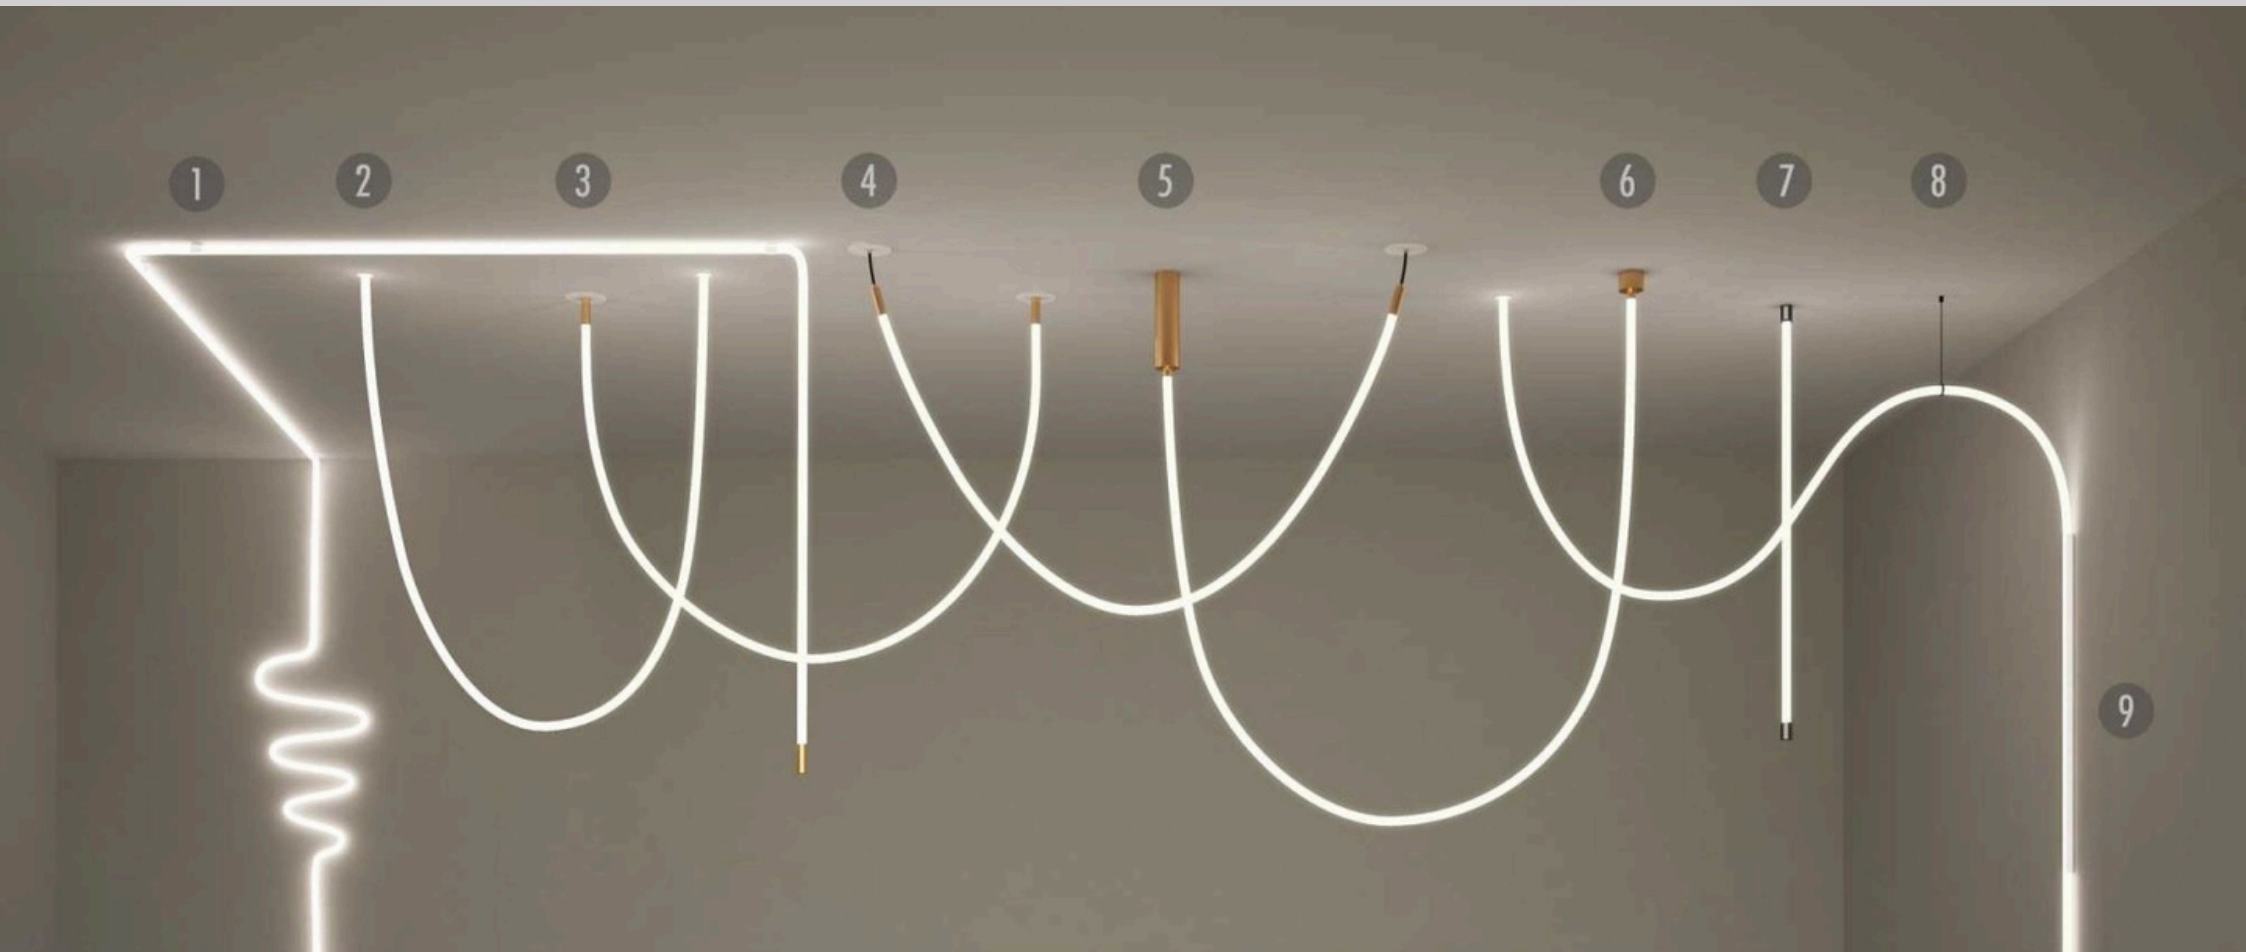

Create an arrangement that suits your nature. Will it be elegant harmony or inventive chaos? With SERPENTE you will create what suits you best.

SERPENTE offers almost unlimited possibilities to match the lighting to the interior and exterior spaces. Whether they will be compositions consisting of waves, curves, braiding, intersecting depends only on your imagination

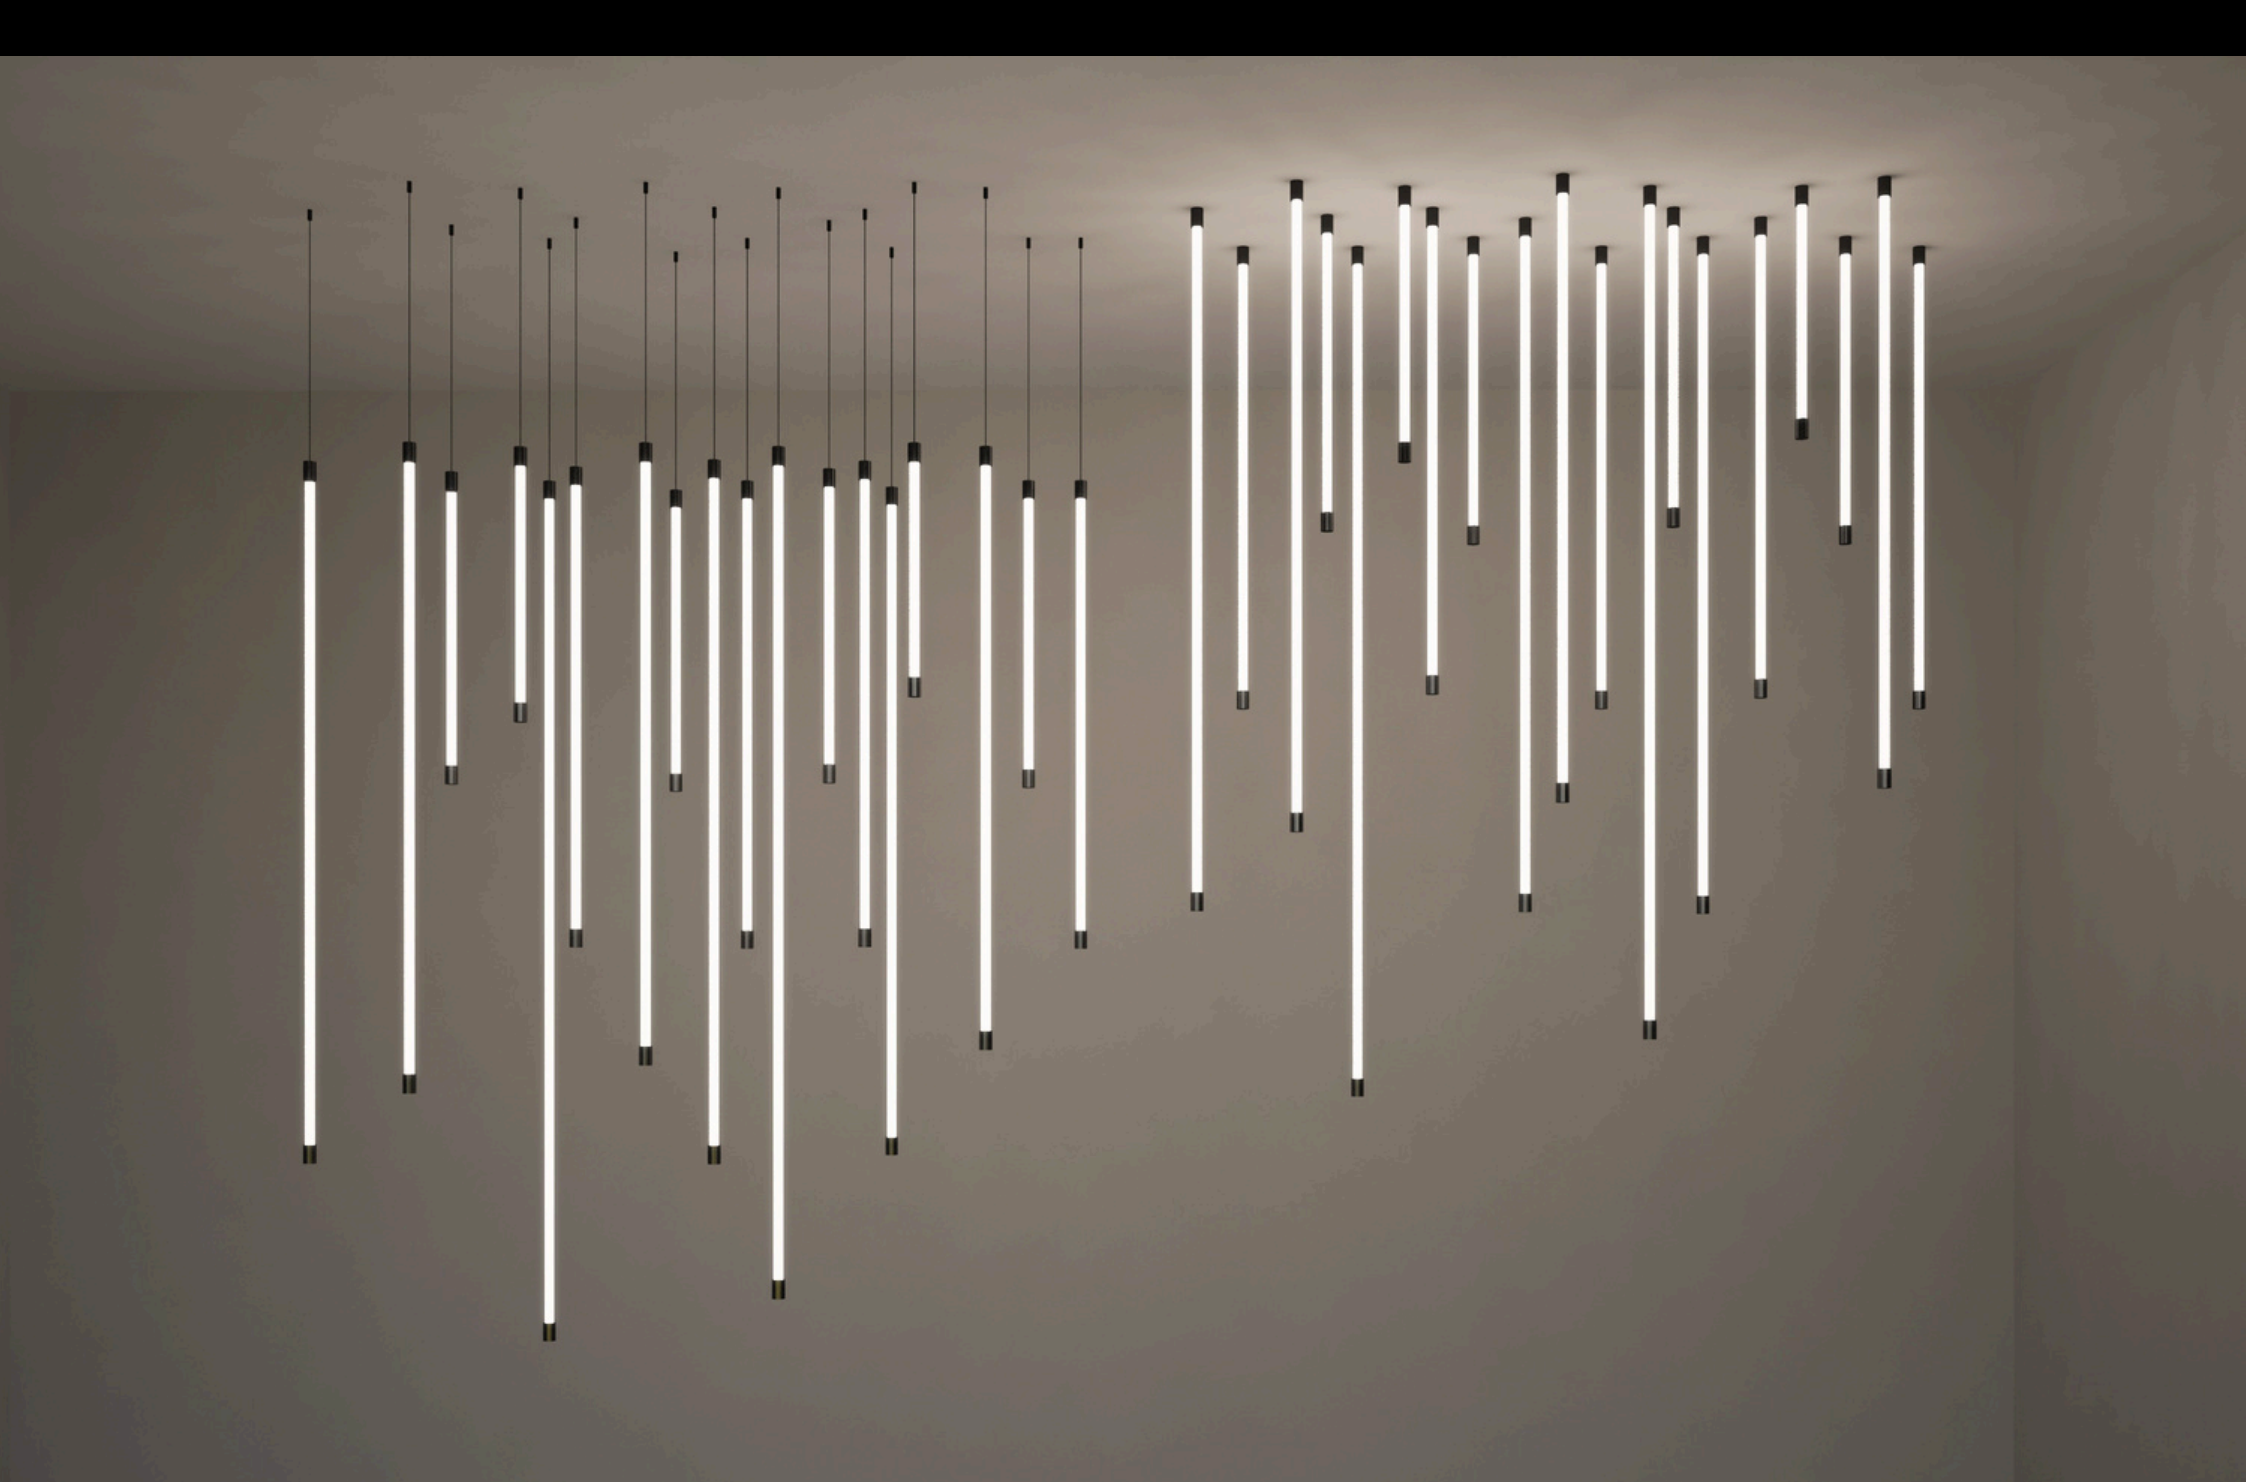

# YOU DECIDE WHAT METHOD OF ASSEMBLY YOU CHOOSE

Using special handles, you can adjust the height of the lamp or its individual sections. Using dedicated profiles, you can hang SERPENTE in a straight line, e.g. over a dining table. An interesting option is also the possibility of mounting our lamp directly along the walls and ceilings

The arrangement possibilities are limitless

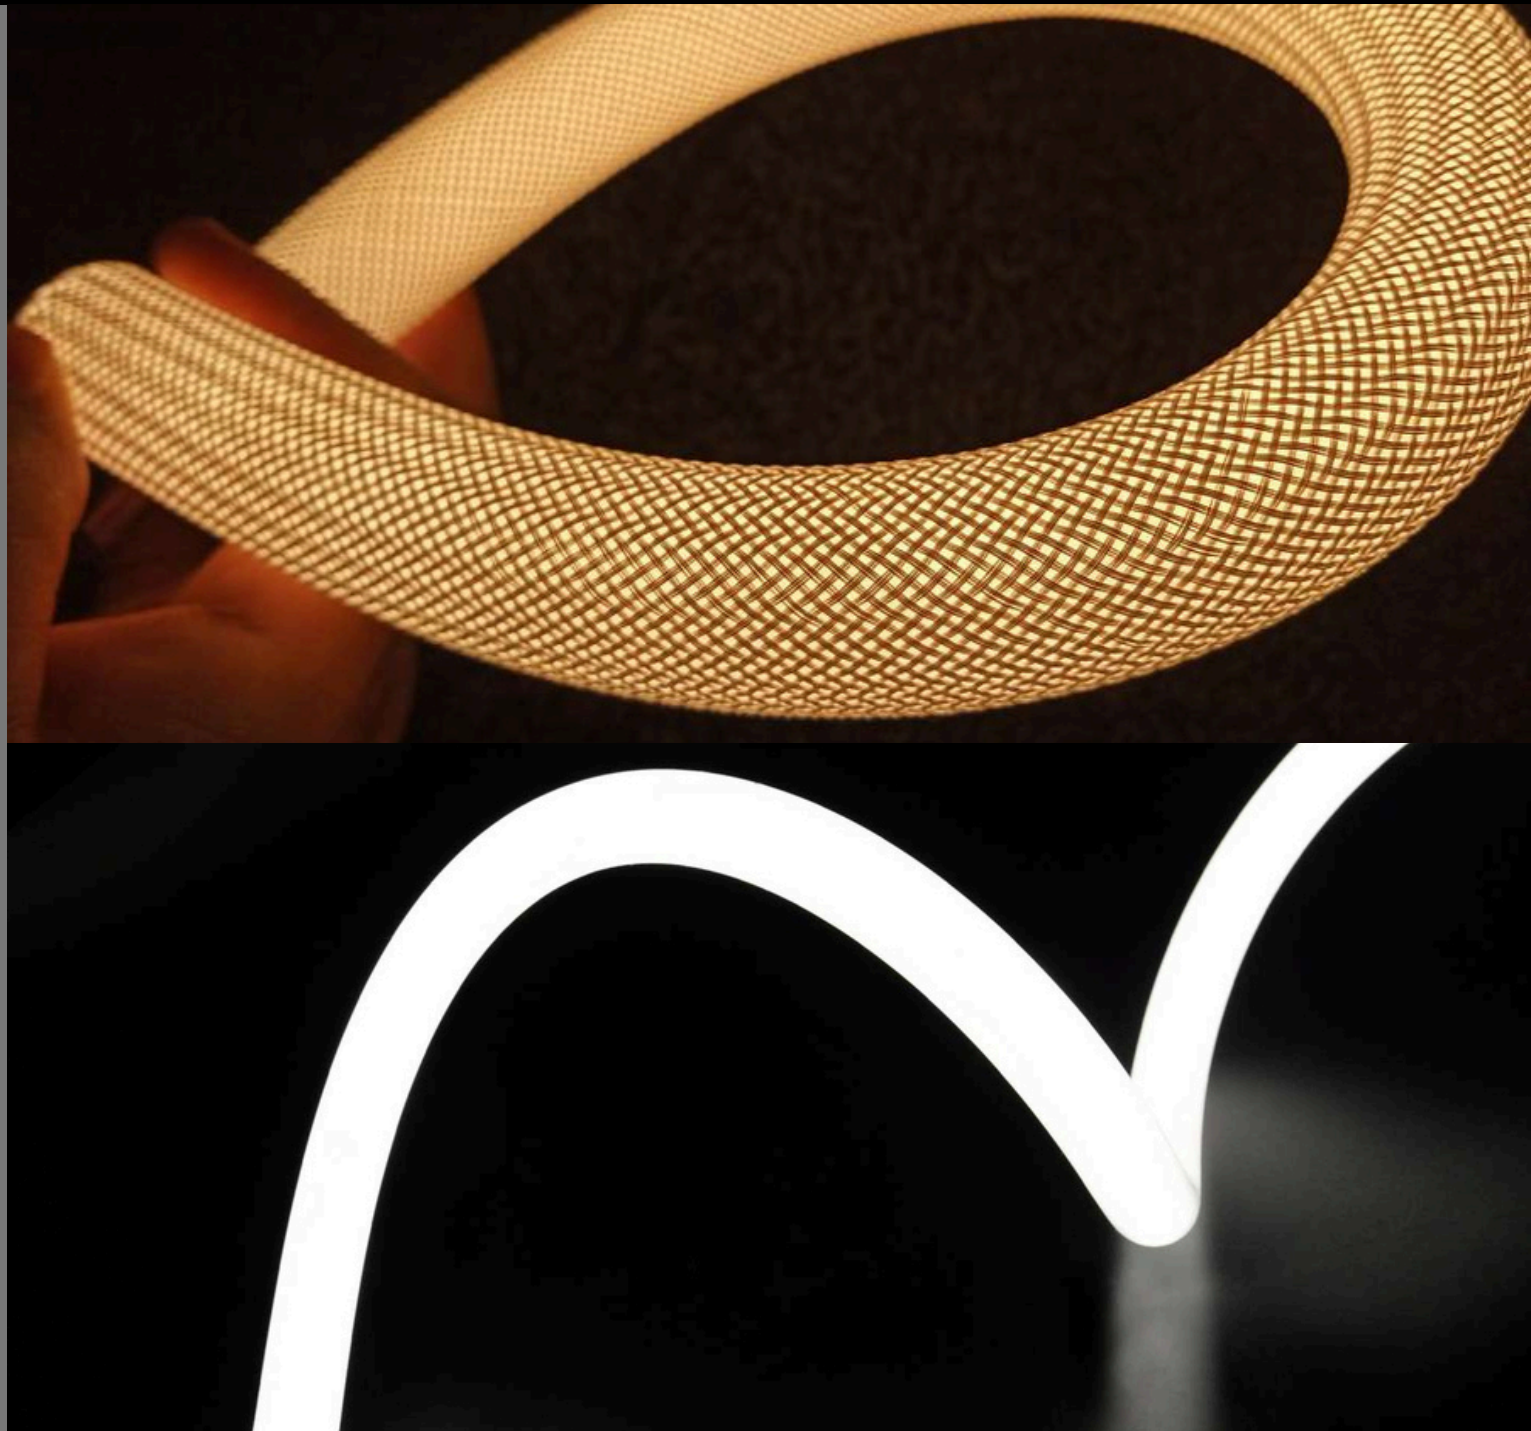

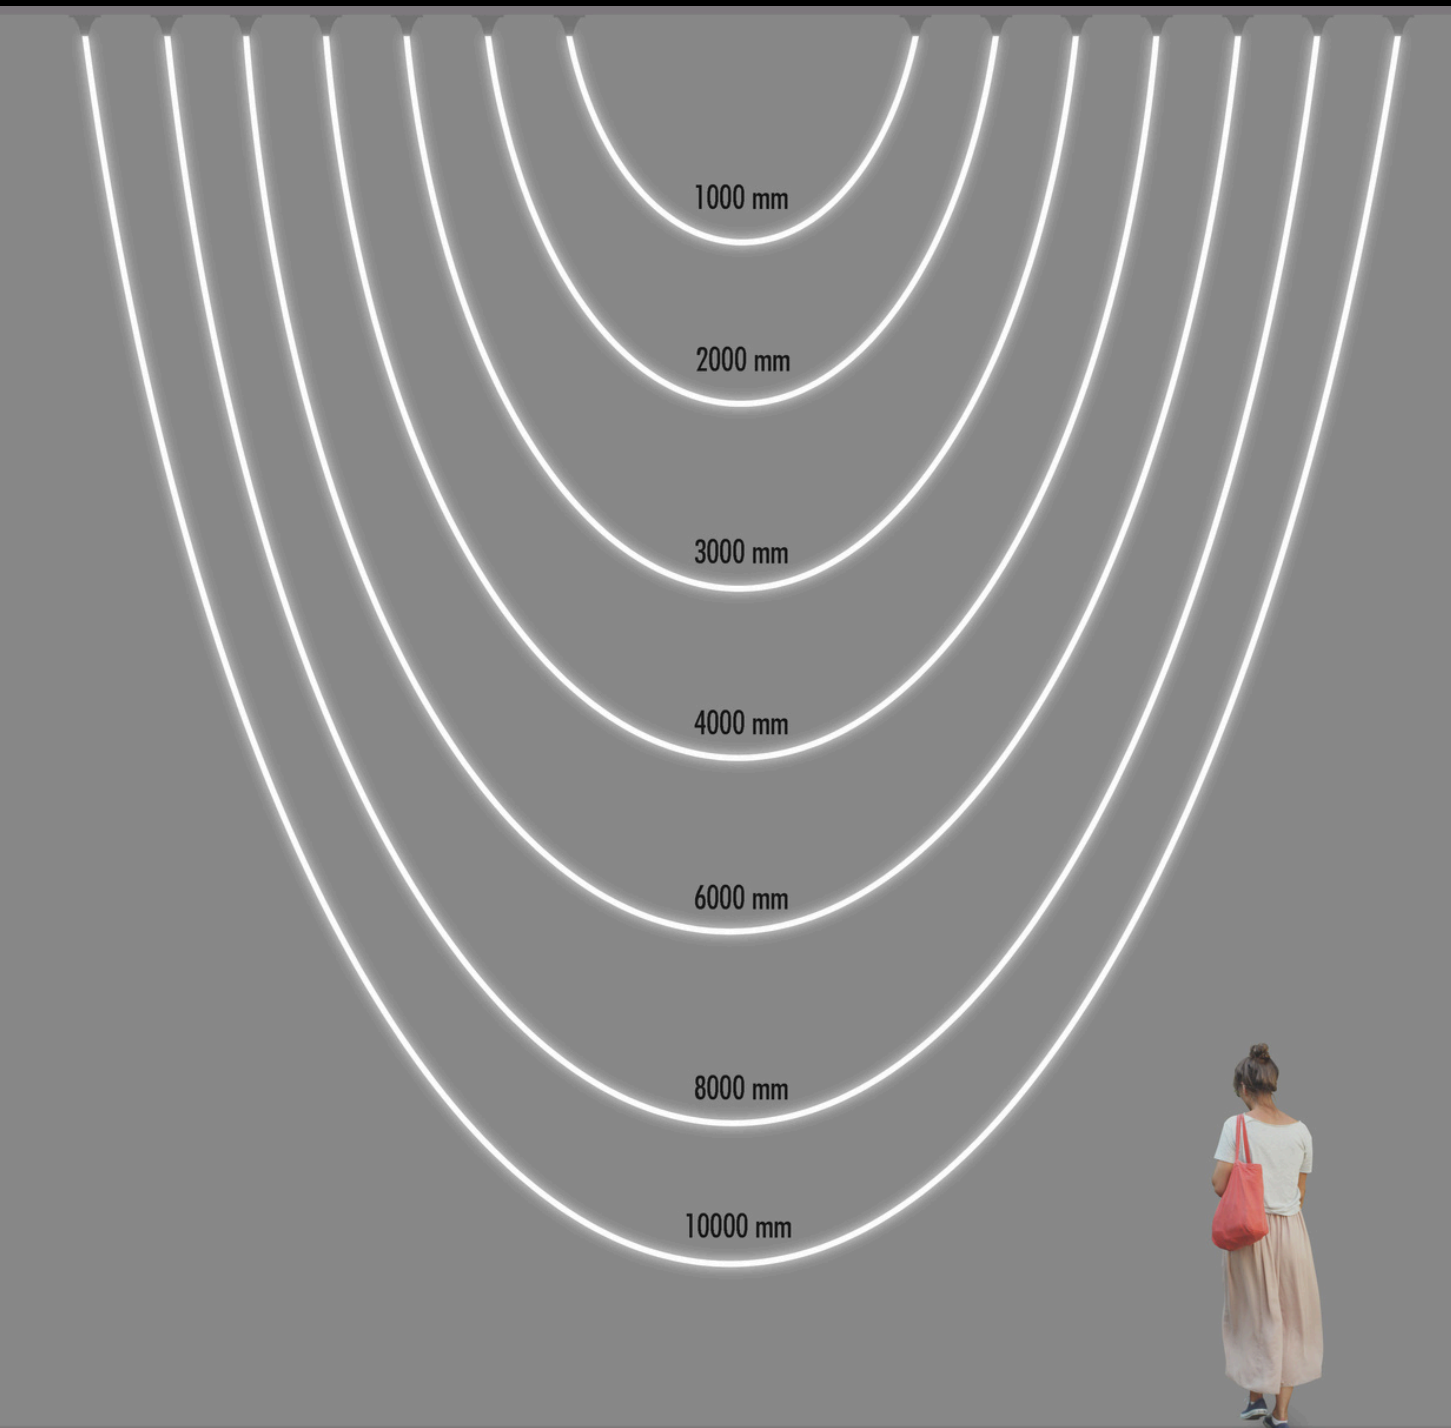

# 2 OPTIONS TO CHOOSE FROM

One proposal is a decorative mesh that gives the impression of snake skin, the other is SERPENTE without a mesh.

# WHAT LENGTHS

Serpente long or short? It doesn't matter what length you need, because you can choose sections from 1m to 10m. Certainly, such a dimensional range will allow you to change your interior in a stunning way.

# FAQ

## 1 DO YOU MAKE BESPOKE PRODUCTS?

Yes! Of course, send us your vision or project and we will create a product for your individual order ?

## 2 IS THE LAMP DIMMABLE?

Absolutely, whether it will be DALI or another intelligent solution. We will make the Serpente harmonize with your home

## 3 COLOR OF LIGHT AND POWER

Choose the one you like. Of course, you can choose any – warm, neutral, cold or color. In terms of power, our LEDs are around 3.1 watts and produce around 120 lumens per meter.

## 4 CAN THE SERPENTE BE USED OUTSIDE?

Definitely yes. IP65 is a high moisture resistance factor, which means that it can also be applied outdoors. If you are designing pergolas, a gazebo or a winter house, please contact us and we will help you choose the best option

## 5 HOW LONG DOES THE SERPENTE LIGHT?

In our lamps we use only the highest quality LEDs. It is no different in SERPENTE, they have a lifespan of 50,000 hours. After this time, they will gradually lose their power. If it is necessary to replace the diodes, our service takes care of it. I encourage you to read our warranty terms for more information on this.

## 6 I LIKE THIS PRODUCT AND WANT TO ORDER IT, BUT I DON'T HAVE A DESIGN

We help at every stage, including the initial ones. Call us or go to the form and tell us how you imagine the project. We will help you choose the number of lamps, their length, height from the ceiling, its quantity, color of light, etc.

**7****HOW ARE YOUR LUMINAIRES INSTALLED?**

Our luminaires are designed to be easy for an electrician to install. An instruction manual is also included with the lamp. However, if you need to contact our specialists, we are always available, we will talk directly to the electrician or contractor and answer all your questions.

**8****WHERE ARE YOUR LUMINAIRES MADE?**

All our luminaires are manufactured in Poland. We are a family company that has been dealing with lighting for 3 generations. We also carry out other interesting projects for individual orders.

**9****DO YOU COOPERATE WITH ARCHITECTS AND WHOLESALE STORES?**

Yes of course! On a daily basis, we cooperate with architectural offices and wholesale customers. For detailed information on prices and commercial terms, please contact us at: [office@blackswanstudio.eu](mailto:office@blackswanstudio.eu)

**10****WHAT FINISHING ACCESSORIES DO YOU OFFER AND DO YOU HAVE SAMPLES?**

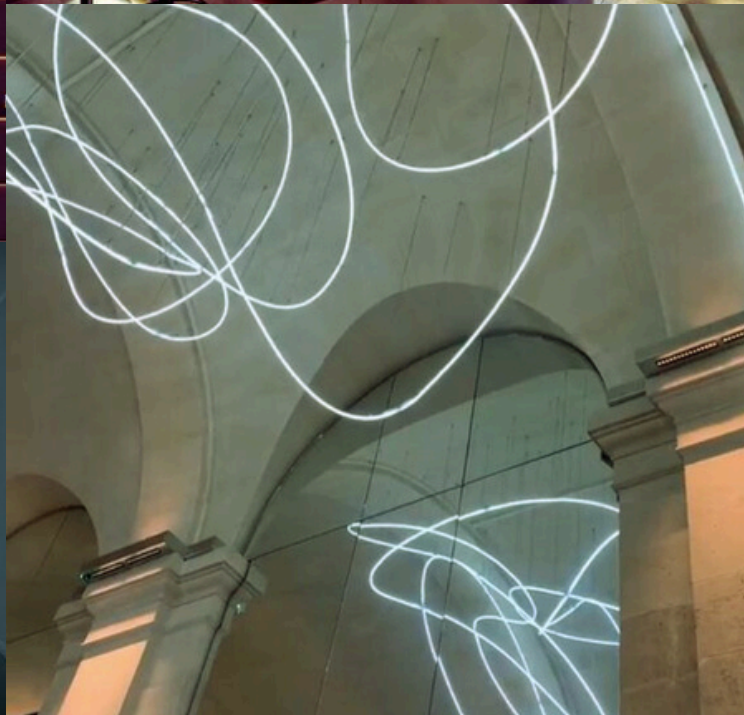

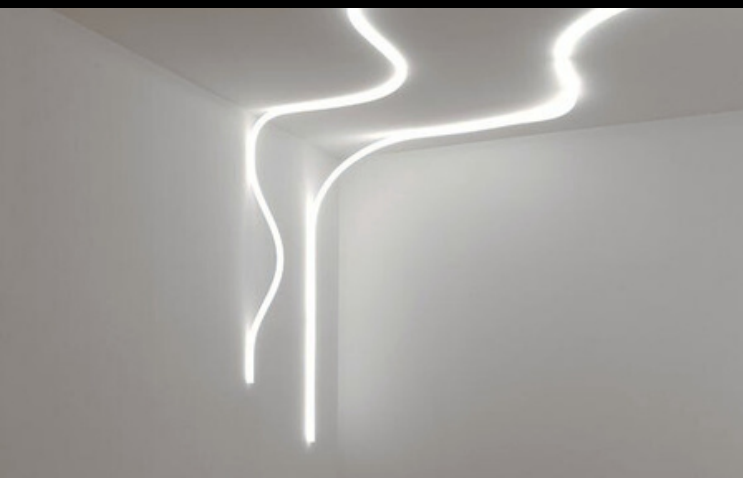

We have prepared a very wide range of accessories. In addition to various mounting options for the wall, ceiling, surface-mounted, flush-mounted, you also have a wide range of colors to choose from, including copper, silver, nickel, brass and RAL black and white and any other from the RAL palette

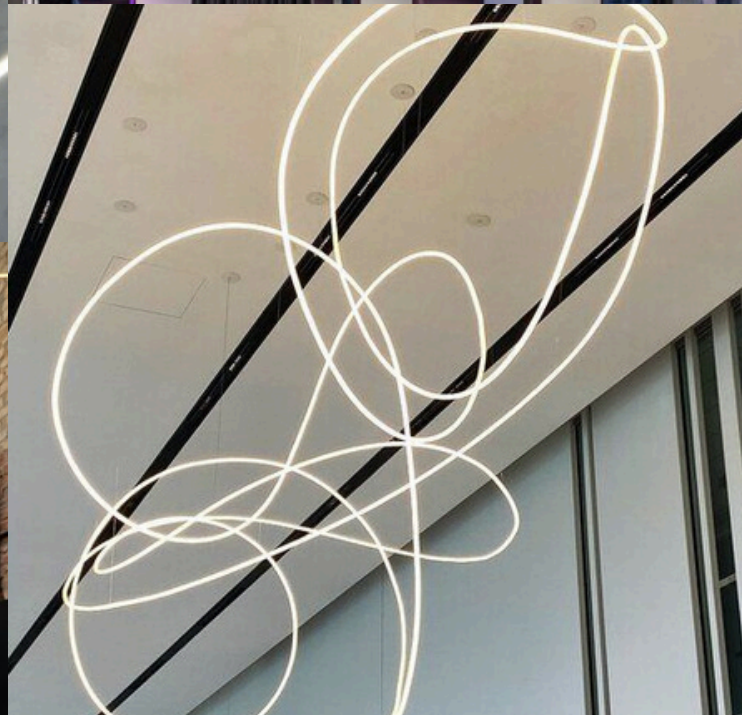

Of course, we can also adapt to the needs of our client. We are as flexible as our SERPENTE product

We send samples on request.

**11****DO YOU HAVE 3D MODELS AND PHOTOMETRIC FILES?**

Yes we have. In order to download files for your project, please contact us by e-mail: [office@blackswanstudio.eu](mailto:office@blackswanstudio.eu)
